## viognier

VIN DE FRANCE

### CÉPAGES

100% Viognier

### TERROIR

East of Toulouse, on the lands of Gaillac in the Tarn region.

Viognier thrives in the Tarn, where its terroir allows its aromas to truly shine. On well-drained limestone soils, the grapes capture both the southern sun and the cool Tarn nights, creating a perfect balance of richness and freshness. Here, each cluster promises a sensory journey.

### VITICULTURE

With a commitment to respecting the land and the fruit, the vines are carefully tended throughout the year. Harvesting is done at optimal ripeness to capture the full aromatic potential of Viognier. The meticulous care of the vines results in a radiant wine that stays true to the natural expression of the grape variety.

### VINIFICATION

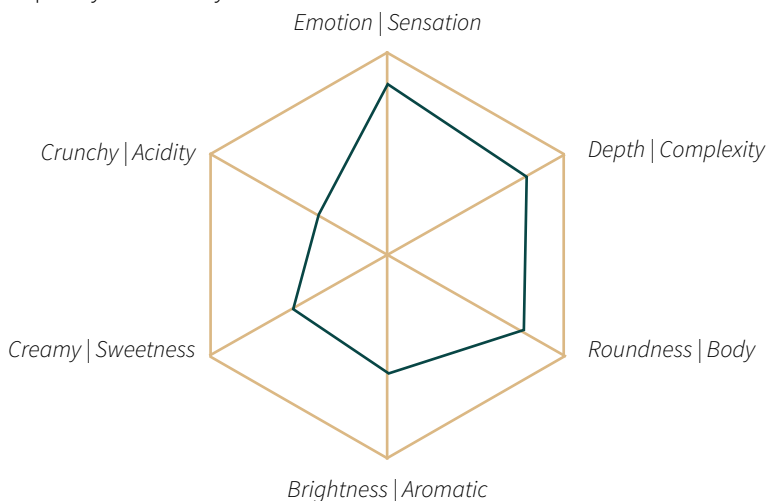

Gentle pressing preserves the delicacy of the aromas. Fermentation at low temperatures captures the full aromatic richness of the grape without heaviness. Aging is short and done in stainless steel tanks to emphasize the wine's freshness and vibrancy. The goal is to highlight the pure expression of the fruit, without any embellishments.

### DÉGUSTATION

Bright golden robe.

The nose is captivating, with white peach, apricot, and a hint of orange blossom. On the palate, it's a burst of energy: a creamy texture, exotic fruits, and refreshing liveliness that makes it irresistibly addictive. The finish is long, with a slight spicy note and plenty of vibrancy.
